2025/2026 At-a-Glance

About the Program

Our goal is to help members grow their businesses from \$250,000+ to \$1,000,000+ in 12 to 24 months. This innovative program supports early-stage entrepreneurs who are driven to seek out the resources necessary to reach the US\$1-million mark. We will help you develop and enhance your skills in strategy, finance, people, sales and marketing, through a series of high-impact learning events and small group accountability sessions. As an Accelerator participant, you will be connected with leading entrepreneurs to discover their best practice and engage in an experience-sharing environment.

"The Accelerator program re-ignited the focus on my business to hit \$1 Million in revenue. I learned so much from the EO member coaches, learning events, and my peers. Game Changer!"

Accountability Groups

About the Program

As an Accelerator participant, you will be matched with other participants to form a small group known as Accountability Groups.

These groups will ensure that you are learning and growing as an individual, both through the learning provided in the classroom and through the interaction with your peers.

Groups will be provided a framework and tools to keep in touch between meetings to help each keep on track with their committed goals.

Member Expectations

01

Attend All Meetings
Groups meet about once a month.

02

Follow Gestalt
This is expected of all group members.

03

Confidentiality
Group discussions remain private.

04

No Technology
Meetings are a time to be fully present with your group.
